About US

Tech Kshetra has been a leading engineering service provider, offers a wide range of innovative services, engineering solutions, and professional training in the field of MEP, Quantity Survey and Cost Estimation, NDT, QA/QC, oil and Gas, Power Automobile Engineering, Software Development and other major technical industries in the disciplines of Mechanical, Civil, Computer Science/IT, etc..

Tech kshetra offers a unique opportunity to face challenges through enriched learning. Academic excellence, professional training and corporate exposure. In Tech Kshetra engineering wing, top-class trainers deliver internationally recognized qualifications in demand by industries worldwide.

Vision

Most learning is not the result of instruction. It is rather the result of unhampered participation in a meaningful setting. Most people learn best by being "with it," yet we makes them identify their personal, cognitive growth with elaborate planning and manipulation.

Mission

Developing Technical skill & professional training in the field of MEP , Quantity survey and Cost estimation , NDT , Oil & Gas , Automobile engineering, Software development & other major technical industries in the disciplines of Mechanical, Civil, Computer Science /IT , etc.
